

nursing.
it's real. it's life.

it leads to
the unexpected.

Like helping Congress write and pass better laws. Sharon Brigner is a Nurse whose job it is to analyze proposed federal laws that affect the Social Security and Medicare benefits of America's senior citizens. She also assists with lobbying efforts directed to congressmen and congresswomen on Capitol Hill. Take it from Sharon, Nursing can open pathways to success throughout the health care, scientific, educational and business communities. Want to know more? Visit us at: www.nursesource.org
